TO :

PROCIB

Secretary *ASV* DATE: August 20, 1962

FROM : Director, NLM

SUBJECT: Reports requested from participating agencies  
July 24, 1962

1. Suggestions on future of interagency committee.

We suggest the committee continue to meet periodically during the coming months to provide a forum for the exchange of information. If there is no real need for the committee, this will become apparent before the year is up. The possible reassignment of publications procurement responsibilities may be a factor in the group's future usefulness.

Our Library is an associate member of the committee. We suggest there might be a larger exchange of procurement information if all agencies bore the same relationship to the committee.

2. NLM's foreign procurement program.

See memorandum attached, from Chief, Technical Services Division, NLM.
